ABOUT ME

Currently pursuing third year of computer Engineering at MKSSS Cummins College of Engineering Pune. I am a self-motivated, disciplined, and determined student with excellent communication skills, enthusiasm to learn new things, always try to do best in any work assigned, and tries to be appreciated as a well-performer.

EDUCATION

● MKSSS Cummins College of Engineering Pune 2019-2023 Pursuing	B-Tech in Computer Engineering First Year CGPA :9.79 Second Year CGPA :9.4
● DAV Public School, Pune 2018-2019	Class 12th Percentage: 93.8%
● Spicer Higher Secondary School, Pune 2016-2017	Class 10th Percentage: 95.6%

PROJECTS

- **PORTFOLIO WEBSITE**
Build by using HTML, CSS, Bootstrap and JavaScript it is a website that completely portrays my technical skillset and merits with more interactive and professional angle.
- **TV REMOTE CONTROL**
To simulate the functions of a television control device (Remote Control) on an interactive console using data structures and algorithms like Arrays, Linked list, Stacks and Queues.
- **SIMON GAME**
Build using HTML, CSS, JavaScript and jQuery, the game is inspired from the famous electronic game, Simon Says. With animation and audio added it becomes even more fun to play.

CERTIFICATION

- The Complete 2021 Web Development Bootcamp by Udemy
- Programming, Data Structures and Algorithms using Python by NPTEL
- Programming with Python by Internshala
- Android App Development by Internshala

PROFESSIONAL SKILLS

- HTML, CSS
- JavaScript
- jQuery
- MySQL
- JAVA
- Python
- C++
- Android

ACHIEVEMENTS

Scholar of Flipkart GWC 3.0: Got selected in the top 200 from 5000+ participants all over India mentorship program called Girls Wanna Code 3.0 by Flipkart.

NPTEL Topper: Successfully completed NPTEL certification of "Programming, Data structures and Algorithms using python" with a score of 89%, and have secured a position in top 5%.
